Exercise 3

1. Write three members of nuclear family.
2. Give three members of extended family.

Exercise 4

Read the poem and answer the questions that follow

Poem: *Our Nuclear Family*

Father works to give us food,

Mother cares and keeps us good.

Children play and learn each day,

Together at home we laugh and stay.

Love and care make us strong,

In our family we all belong.

Questions

1. Who provides food in the nuclear family according to the poem?
2. What is the role of the mother in the poem?

Download free notes, exams and marking guides from **digitalteachers.co.ug** website

3. What do children do each day?

4. Why is love and care important in a family?

5. Who are the members of a nuclear family?

Teaching Tip: Pupils can recite the poem with actions (father pretending to work, mother caring, children playing). This makes the lesson lively and memorable.

Exercise 5

Read the story below and answer the questions that follow

Story: *Visiting Grandparents*

Last holiday, Peter and his sister Jane went to visit their grandparents. Their grandmother welcomed them with warm hugs, and their grandfather told them funny stories.

Later, their uncle took them to the farm to see cows and goats. Their aunt cooked delicious food for everyone. In the evening, cousins came to play games with Peter and Jane.

Peter said, "Our extended family makes us happy. We learn, play, and share together." Jane added, "Yes, they give us love and care."

Questions

1. Who welcomed Peter and Jane with hugs?

2. What did the grandfather do for the children?

3. Where did the uncle take Peter and Jane?

4. Who cooked food for the family?

5. Why is the extended family important?

Teaching Tip: After reading, let pupils role-play the story—some acting as grandparents, uncles, aunts, and cousins. This helps them understand the roles of extended family members in a fun way.
